MAYOR COWING TRIES A CASE

Pete Easley is Fined and Prom-
ises Never to Return
to Court

Mayor Cowing, as a magistrate, tried his first case this morning, and acquitted himself with ease. Last night, Pete Easley went home drunk, raised a big fuss and the police were twice called in by his wife to quell the disturbance. A third time they were called and Chief of Police Price ordered Policeman Pea to take Pete to jail.

Easley was taken before Mayor Cowing this morning at 8:30 at the mayor's office in the City Hall. His honor asked Pete if he desired to plead guilty or not guilty to the charge of drunkenness filed against him.

"Ah ges Ah'll haf to say I'se guilty Yo' Honah, I shoroly wuz drunk," was Pete's reply.

Mayor Cowing assessed a fine of \$1 and costs, saying: "Now Pete I don't want to have to fine you this way, but if you persist in getting drunk and causing trouble, I'll have it to do. I want you to promise me that you won't do this sort of thing, so you won't have to be brought into this court again."

Pete gave the mayor his promise to be good and left the room. Easley's case is the first entered upon Mayor Cowing's new docket.

CAME NEAR BEING STRUCK BY TRAIN

Harvey Smith, of New Salem,
Has Narrow Escape on
C. H. & D. Crossing

Harvey Smith, of New Salem, who is somewhat deaf, while driving south across the C. H. & D. tracks on the Posey lane, this morning, with a load of ice, purchased of Innis and Pearce nearby, met with a hair raising experience. An incoming freight train came near striking Mr. Smith, but the New Salem man managed to get far enough across so that the engine merely grazed the wagon. The engineer shut his eyes and expected Mr. Smith to be killed. Mr. Smith neither heard nor saw the train. He escaped injury.

Much Loss of Life

Havana, Sept. 7.—The government's report of the fight in Santa Clara province says that Colonel Valle's troops pursued thirty men who had risen near Palmira. After the insurgents had been reinforced by others a fight ensued in which the insurgents were repulsed and retreated to Tatarbull, where they camped. There they were attacked by Captain Mayato and several insurgents were killed or wounded. The insurgents left several of their dead on the field as well as their horses. Of the rural guards two were wounded. Captains Figueroa and Delgado report a fight in the hills south of Santiago de Las Vegas, in which four of the rural guards were killed. Pools of blood all over the battleground indicate that many insurgents were wounded, but no bodies were found. Official reports of the fight at Canasi, Sept. 4, state that three rural guards were killed and that one rebel was fatally wounded.

IN MEMORY OF GEN. LAWTON

Indiana Officer's Old Regi-
ment Meets in Reunion
at New Haven

Flag of the Old Thirtieth, Com-
manded by Henry W. Law-
ton, Was Brought Out

Fort Wayne, Ind., Sept. 8.—The twenty-third annual reunion of the Thirtieth regiment, I. V. I., which was enlisted in this county in 1861, was held at New Haven, six miles east of this city, yesterday. The Eleventh battery, the 19th and 142d regiments also held reunions. It was distinctly a soldiers' day for New Haven and the village was packed with people. The veterans were the guests of the village, and nothing was too good for them. There was hardly a house in the village that was not decorated with "Old Glory."

W. M. Harper, chairman of the committee on decoration, had issued an appeal to the people to show their veneration for the veterans, and they did so. They are proud of the Thirtieth regiment, which was commanded first by Simon S. Bass, who fell in battle; then by J. B. Dodge; next by Orin D. Hurd, and last by Henry W. Lawton, who nearly forty years after the civil war began was destined to fall in his country's service in an island of the Pacific then never mentioned outside of the school books. The flag the regiment first carried to the war was displayed by George W. Wilson, president of the regimental association. It was borne at the head of the procession. Men uncovered as the blackened and tattered emblem passed. The flag was presented to the regiment in 1861 by the loyal people of Fort Wayne, Mayor Randall making the speech.

ASKED THAT THEY TAKE HIM BACK

Walter Miller Returns to the
Reform School at
Plainfield

E. J. Thompson, an officer at the Indiana Reform School for Boys at Plainfield, was here yesterday evening and took with him, back to Plainfield, Walter Miller, who was released from the reform school some time ago and who for several months, has been working in this city.

Mr. Thompson displayed a letter that young Miller wrote to the authorities at the Reform school, asking that they take him back and complaining that he could not find work and had no place to go. The young man stated in the letter that he would like to remain in the school until he is twenty-five years of age.

While in this city young Miller drove a dray most of the time. He slept in barns and wherever he could find shelter.

FOUND WATERMELON STEALING NOT A JOKE

Why is it a sin to steal a hill of potatoes and a joke to steal watermelons? Adam Eby, a farmer boy residing south of Richmond, like many other boys, thought it sport to steal watermelons the other day, and even "acted smart" when caught by the owner. Prosecution followed and the prosecutor of Wayne county in prosecuting the case stated that while the offense was a minor one and trite in nature, yet he felt that the young man should be made an example of for the sake of protection to the farmer. The farmer has many such little offenses to tolerate and they become exceedingly provoking at times.

Eby was given a fine and costs amounting to \$11.40. He paid his fine and left much the wiser.

WINS SIXTEEN FIRST PREMIUMS

W. S. Walker, of Carthage, Gets

Cattle

W. L. Walker captured sixteen first and eighteen second premiums with his fine show herd of cattle, which made a successful tour of the New Castle, Muncie, Elwood and Rushville fairs. The herd was shown with some of the finest of the beef brands of Ohio and Indiana. Two yearling bulls were sold to go into show herds at Fremont, O., Detroit, Mich., and will be shown at a number of large shows this fall.

POLICE CHASE EIGHT TRAMPS

Hoboes are Not Now Allowed
to "Light" in this
City.

Policeman Pea is seeing to it that the hoboes are kept out of Rushville. No sooner do they arrive in town than he is on their trail. This morning he ran eight tramps out of the city. Four he found at the Big Four depot and four he found near Innis & Pearce's factory. Four of the men were negroes. The officer chased the men into a cornfield north of town and sat down to see that they did not return to town. When the men came out of the field they passed within a few feet of the spot where the policeman was hiding. He again ordered them out of town and at last sight of them they were walking out the Big Four tracks.

There was a good attendance, and routine business was transacted. Here of late the farmers of this section have not been bothered by horse thieves, but they propose to keep the offensive and defensive organizations intact, ready for business at a moment's notice. They believe the best insurance against horse-stealing is to prepare to capture and punish the thieves."

MANY BIRTHS IN PAST YEAR

State Health Board Reports
44,114 Children Born in
Indiana in 1905

The Total Number of Deaths
During the Year Was
36,502

The State Board of Health has sent out a bulletin relative to the births and deaths in Indiana for the year 1905 which contains much interesting information. The bulletin is as follows:

"The analysis of the births and deaths in Indiana in 1905, recently completed by the State Board of Health shows some interesting facts. The births numbered 44,114, a rate of 16.65 per 1000 of population. Males 23,290, females 20,899; colored males 941, colored females 464. The largest number of births occurred in July, the smallest in December. Four hundred and twenty-nine mothers have had ten children, 242 have had eleven, and 281 have had twelve and over. As to the ages of parents it appears that 630 fathers and 4834 mothers were under twenty years of age; that 104 fathers and fourteen mothers were in the age period of sixty to seventy, and fourteen fathers but no mothers were between seventy and eighty. The plural births (twins) numbered 844.

The deaths numbered 36,502, rate 13.78. In the preceding years 37,240, rate 14. Males 19,064, females 17,438.

Whites 35,096, rate 14.2; colored 1406, rate 24.2. The death rate by sexes were: Whites, males 14.5, females 13.9, colored, males 25.1, females 23.3.

These figures make it evident that among other things the negro must learn in order to compete with the white man, how to so live as to lower his death rate about 10 for each 1000 of population.

The age periods show some interesting facts relating to mortality. Eight thousand, two hundred and seventy-seven deaths, or 22.6 per cent. of the total deaths occurred in the first year of life; 3423 deaths occurred between one and five. Counting as babies all under the age of five, the total loss of babies was 10,700, or 29.3 of the total. This is a loss of 21.2 of all babies born. To lose one in four of all babies born is an index of our hygienic ignorance. In the age period of extra usefulness, the period of life from twenty to fifty, there were 8173 deaths, or 22.3 per cent. of the total. Of these 8176 deaths, 7362, or 87 per cent., were from preventable causes, such as consumption, pneumonia, typhoid fever, influenza and accidents. It is noted that 385 deaths occurred of persons over ninety years old."

POLICE ON THE HUNT OF A DOG

Fine Animal Found Yesterday by
Officer Pea—Belonged at
Indianapolis

A fine bull dog, valued at \$150, belonging to Jesse Fletcher, of Indianapolis, and being kept by Martin Winston, figured in a joke that finally proved rather serious.

Winston had the dog down town last Saturday. Perry McCrury admired the animal and remarked that he would like to have him. Fred Clevenger, nearby, jokingly, told Mr. McCrury that he could really have him, whereupon McCrury took the dog home. The animal refused to stay, however, and wandered off into the country. Winston tried to find the dog, but failed to locate him. Yesterday, Policeman Pea and Mr. Winston traced the dog to Sexton and Gings, and finally found him on the Jesse Dillon farm, south of Knights-town. The dog is suffering from a skin disease and is being kept by Mr. Winston until he recovers.

RUSHVILLE, IND., SEPT. 7, 1906

There is just the difference between the Democratic theory of tariff reform and the Republican doctrine of tariff revision that there is between pruning a tree and cutting it down.

"Colonel Watterson thinks people 'want a rest from spectacular rulership,' and so, argues the Colonel, they should now turn from Theodore Roosevelt to the man who pulled off the crown of thorns performance in Chicago and helped formulate the details of that modest little homecoming.

Southern Democrats are finding it difficult to denounce protection while enjoying its beneficent results. The Dallas News complains: "Our Democratic State convention after another refuses to even call the word 'tariff.'" What's the use of persisting in the habit of condemning what everybody knows is a good thing?

The Elkhart Review says that Republican policies are somewhat a cause, or at least a concomitant cause of great crops, by the stimulus they give to hope in the husbandman. True government policy does not make the sun shine brighter or more plentiful, but it does encourage the farmer in larger sowing in the hope of a full demand for what he reaps. The policy of fostering industry and trade enlarges the purchasing power of the consumer who does not produce the food, and the cotton and wool, but who must buy these products. On the wage fund of the nation thirty per cent by a policy that destroys trade and you cut the profits of the farmer by a greater per cent and you take away the hope that makes him plow and sow that he may reap a full harvest. Of what use is a good harvest if it must rot in the barn? So don't be deceived in thinking that policies of government affect only public affairs and manufacture, or commerce. They affect also even the abundance of crops, not through nature, but through human effort, hopefulness and courage.

Vice President Fairbanks has returned to Indianapolis after a long tour through the West. His last public address was delivered at Boise City, Idaho. He stopped in Chicago for a few hours on his return trip, but was anxious to get home. For some days he will remain quietly at home resting after his tiresome journey. In two weeks he will go to Colorado Springs, Col., to further the government's plans for irrigation.

Governor Hanly has appointed the members of the state board of election commissioners, whose duty it is to see that the state ballots are printed, and to arrange for their distribution together with other election supplies. The two members appointed are Jefferson Claypool, Republican and Bernard Korbly, Democrat. Mr. Hanly is, by virtue of his office, the third member of the board.

The Boston All Right. Port Townsend, Wash., Sept. 7.—The disabled cruiser Boston arrived here last night enroute to the navy yard at Bremerton. The cruiser is apparently resting easy.

Powish, Russian Poland, Sept. 7.—Terrorists, angered at the refusal of their demands, fired a small village near here. The whole village is now in flames.

RULES MODIFIED

One of the Things Done by Republican State Committee.

Indianapolis, Ind., September 7.—Among other things done at the recent meeting of the Republican state central committee was the adoption of modifications of some of the rules of the committee. The rules for nominations as amended provide that in all counties whose largest city or town has a population of more than 5,000 the election of delegates to conventions shall be made in the several townships, wards and precincts by primaries. In counties whose largest town is of a population less than 5,000 delegates may, at the direction of the county committee, be selected in mass convention. When direct primaries are held the committeemen in the various precincts shall act as election inspectors. When there is more than one precinct committeeman for a single voting division, the county chairman shall designate which one of these committeemen shall act as inspector. The judges, clerks and sheriffs of the direct primary elections are to be chosen by the chairman of the various counties, the chairman being required to give the various candidates fair and equal representation. No judge, clerk or sheriff shall be related to any candidate. These rules give to the organization more power than it formerly had, and it will make it easier to keep in close touch with the situation in any particular place. However, the rules were adopted in order to prevent any difficulties such as have in a few instances arisen. The county chairmen are supposed of course to act in good faith and not in any case to show favor to any candidate. A modification of the rules regarding contests was also adopted. All contests affecting legislative, city or precinct matters are to be referred to the county executive committee. The leading candidate may appeal to the district chairman and from his decision an appeal may be made to the state chairman, whose decision shall be final. All such controversies are to be presented in the form of affidavits, except that the state chairman, if he shall so elect, may hear oral testimony as well. Written notice of contest must be filed with the person having jurisdiction in the matter and the time and place for hearing the matter shall be fixed by him. He shall give ample notice of the time and place fixed.

Marion county Democrats began their sixty-day poll today. The work of going over the county will take about three or four days, it is expected, and after the poll is completed the plans for the active opening of the campaign will be laid. Several township conventions will be held during the week. Among the Democrats here there has been some discussion of affairs in the Eighth Indiana district. The recent speech of Mr. Cromer, made before the State Association of Rural Mail Carriers will be Democratic campaign thunder. In this address Mr. Cromer advised the rural carriers to enter actively into politics and to pay campaign assessments. Mr. Cromer has long been on intimate terms with the mail carriers. They are popularly supposed to be the backbone of his machine. The Democrats have been hopeful of being able to carry the Eighth district this fall, and the statements of Mr. Cromer, which they say advise the rural carriers to cast aside the wishes of the president and the rules of the postal department will make him a man easy to defeat. They expect to make much capital out of his remarks.

Will H. Hays of Sullivan, chairman of Sullivan county, has been selected as head of the speakers' bureau of the Republican state committee. The bureau will be opened about Sept. 11. Joseph G. Cannon, speaker of the house of representatives, will deliver at least three speeches in Indiana. He will be accompanied by Congressman Watson on his tour through the state. Besides these speeches arrangements have been made for several addresses to be delivered by Governor Hanly, but the dates have not yet been definitely fixed. Well-known speakers will be used in all parts of the state.

Methodists Will Gather. Lebanon, Ind., Sept. 7.—The 35th annual session of the Northwest Indiana M. E. conference will be held in this city beginning Tuesday and continuing up to Monday, Sept. 17. All the sessions will be held in the handsome new \$40,000 Methodist church, built last year. Bishop J. W. Hamilton of San Francisco will preside.

Mammoth Crop of Onions. Fort Wayne, Ind., Sept. 7.—W. E. Everts, south of this city, is harvesting 20,000 bushels of onions from fifty acres in Adams county. He says that the crop this year is the finest that ever went to market. The land is timber muck, not subject to overflows. The onions grew from red seed.

Chickens and Eggs Burned. Hartford City, Ind., Sept. 7.—Fire destroyed the packing house of Tudor & Co., and several hundred chickens were cremated, and several thousand dozen of eggs were roasted. The total loss is \$2,000, with limited insurance.

Practically Unanimous. Anderson, Ind., Sept. 7.—Elias Frey of Pendleton was elected president of the Rural Mail Carriers during the convention, receiving all out 17 of the 275 votes cast.

Held on Murder Charge. Crown Point, Ind., Sept. 7.—Thomas Hannon, held for the murder of Jack Lennon at Gary a month ago, has been indicted for murder in the first degree by the grand jury.

GOING TO THE ROOT

True Inwardness of Big Bank Failure Will Be Revealed.

DIRECTORS SUSPECTED

State Bank Commissioner Takes Hand In Hipple's Muddle and Will Set Things to Right.

The Directors, It Is Said, Certified to Accuracy of Reports Which Turned Out to Be False.

Philadelphia, Sept. 7.—Receiver Earle's plan for the reorganization of the defunct Real Estate Trust company was mailed to the depositors today. It provides for the reopening of the bank by the payment of 30 per cent in cash to depositors and 30 per cent in preferred stock guaranteed by collateral bonds, 40 per cent to be paid within sixty days. The directors of the company are to raise the necessary capital to make this settlement.

Philadelphia, Sept. 7.—To determine the responsibility of the directors of the wrecked Real Estate Trust company, State Banking Commissioner Berkey came here and appointed as special bank examiners, Charles M. Vollum and Meyer Goldsmith, expert registered accountants, who with the consent of Receiver Earle, will at once begin a thorough examination of the assets and liabilities of the defunct concern.

Receiver Earle has issued a statement announcing that he hopes soon to reopen the bank and that all depositors will be protected. Mr. Earle says the directors have responded to his solicitations to help reorganize the company. The amount of money guaranteed was not stated. To successfully accomplish the rehabilitation of the company the receiver says the creditors must meet his efforts in the same spirit in which they were received by the directors.

The preliminary hearing of Adolph Segal, the promoter; William E. F. North, treasurer; and Martin S. Collingwood, assistant treasurer of the Real Estate Trust company took place yesterday and the men were held in heavy bail for trial. These are the three most important developments in the affairs of the Real Estate Trust company.

Commissioner Berkey declared that practically ever director of the Real Estate Trust company had certified to the correctness of the reports filed with the state banking department. These reports, he said, appear to have been false. If his examination sustains the falsity of the reports, Mr. Berkey said, he would proceed against the directors and make an issue of their responsibility, which has never been decided by the courts of this state.

The evidence presented through witnesses by District Attorney Bell at the hearing of Segal, North and Collingwood disclosed the methods by which Segal and Hipple wrecked the trust company. The most damaging testimony was that to the effect that both Hipple and Segal had repeatedly overdrawn their accounts with the knowledge of the treasurer and assistant treasurer. These overdrafts were carried as cash accounts. On the day Hipple died there was an overdraft of \$64,000 against the president which was converted by Collingwood into a loan, showing Hipple's account to be apparently straight. These overdrafts of Hipple and Segal at times amounted to more than \$800,000. There was on deposit in the bank approximately \$7,000,000, and the loans made to Segal amounted to \$5,339,300. Many of the securities which have been since found to be insufficient were bonds and stocks in the Segal enterprises and were approved personally by Hipple. Many depositors who placed money in the bank on Monday and Tuesday after the directors knew it was insolvent have been allowed to withdraw their deposits. There were 414 deposits, and of this number 138 were returned.

Amador Wishes to Resign. Panama, Sept. 7.—The national assembly elected J. G. Obaldi, vice president of the republic, by a majority of eighteen votes; Federico Boyd, second vice president, by a majority of twenty-five votes, and Rafael Aispuru, third vice president, by a majority of fifteen votes. The election of vice president is a matter of exceptional importance because of the persistent rumor that President Amador wishes to retire and that he will do so after President Roosevelt's approaching visit to Panama, provided the selections of the national assembly meet his approval.

Mother Beheads Two Children. Columbus Grove, O., Sept. 7.—Mrs. Henry Knippen, wife of a farmer living near Cloverdale, Putnam county, decapitated her two children, a boy, aged three, and a girl, aged one and a half years, and then went to the home of a neighbor and told what she had done and asked them to go and see the children. A carving knife was used. The woman was discharged recently from the Toledo state hospital for the insane.

THE DREAM OF CENTURIES

Has at Last Been Realized by Plucky Captain Amundsen.

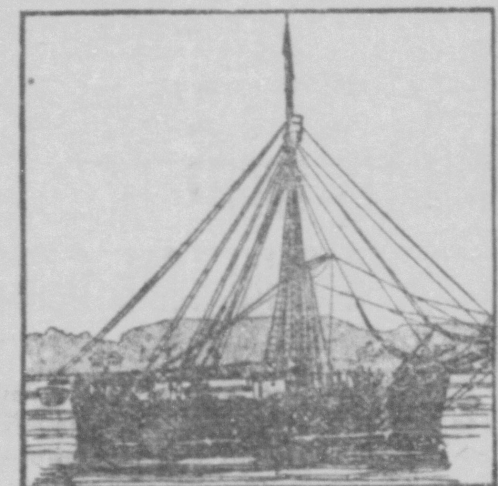

Christiana, Sept. 7.—The Norwegian polar expedition on the ship Gjoa has reached Bering strait, having thus accomplished the northwest passage.

Captain Roald Amundsen, who commanded the polar expedition on the Gjoa, left Norway in June, 1903, to try the Northwest passage. He established his first base in Leopold harbor, where he made absolute magnetic observations during 1904. In the summer of 1905 he established his second base on King William's island, where he later reported that he had located the true magnetic pole and found near it the monument set up by Sir John Franklin's expedition. The Gjoa went into winter quarters at King Point, near the mouth of the Mackenzie river, and Captain Amundsen left there August 13 for a trip overland to announce

servations during 1904. his success. He travelled by dog sleds and reached Ft. Ebert, Eagle City, Alaska, on December 5, whence the news of his discovery was sent to the world. He announced at the time that he would return to the Gjoa in the spring by way of Bering strait and sea making geodetic observations on the way. The Gjoa set out early in the summer for the 1,000-mile trip to the strait.

NO APPRECIABLE PROGRESS

Peace in the Disturbed Island Republic Not Yet in Sight.

Havana, Sept. 7.—While the peace projects have caused a general suspension of revolutionary operations, no appreciable progress toward anything like a satisfactory understanding has been made. The Liberal leaders insist it is unjust to regard them as insurgents. They assert they are merely seeking peace, at the same time declaring that not only must the peace terms be better than talked of, but there must be some unquestionable guarantee that the conditions will be fully carried out. The Moderates meanwhile continue in a waiting attitude.

General Menocal said he had no reason to be disappointed with the progress of negotiations, that the semi-official suspension of hostilities in Santa Clara and Havana provinces would be extended at once to Pinar del Rio, giving the veterans a chance to push negotiations for peace among their comrades and others in the field. General Menocal appears not to be discouraged by the attitude of the Liberals.

In the capital the demands of the insurgents themselves as the price of a cessation of rebellion are for the most part regarded as not to be considered. These demands include the restoration of deserters from the rural guards to their former positions, the reinstatement of Liberals who last year were deposed from municipal offices, the retention of their arms by the insurgents, and other equally radical propositions. The Liberals still hope they may be able to force the resignation of President Palma and all the high government officials. The succession of Vice President Mendez Capote to the presidency is also discussed. Liberals seem to think they could reach an understanding with him that would be satisfactory to all.

Battling Nelson Not Much Hurt.

Goldfield, Nev., Sept. 7.—The report that "Battling" Nelson was dangerously ill and was likely to die as a result of the beating at the hands of Joe Gans, Monday, is so far from true that Nelson left Goldfield yesterday for Truckee for a fishing trip. Aside from some few bruises and internal hemorrhages, Nelson was not severely hurt. His face was beaten up as a natural consequence of frequent collisions with Gans's fist, but nothing more serious. He left without any blame of trumpets. Nolan and his wife have left for Chicago. Siler, the referee, started for San Francisco this morning.

DEFEATED BY A WOMAN

Mrs. Maude Shannon Successful in Remonstrance Against Saloon.

Peru, Ind., Sept. 7.—Four weeks ago Courtney Haskett served notice that he would apply to the county commissioners for a license to sell intoxicants at Main and Benton streets, which is near the home of Mrs. Maude Shannon. Mrs. Shannon was seriously opposed to the proposition, and many people in the neighborhood expressed a desire to defeat the application, but were not willing to assume the risk which might attach to pronounced opposition. Mrs. Shannon quietly went about the work of getting a remonstrance. The "liberal" element was apprised of her opposition, and she began receiving threatening letters, but she continued soliciting signatures till more than 400 voters had signed the remonstrance, while fewer than 300 signatures were necessary to defeat the application. So far Haskett has not filed his application.

Gilbert Is Still a Congressman.

Indianapolis, Sept. 7.—Governor Hanly has announced that Congressman Newton W. Gilbert has not sent in his resignation as Twelfth district congressman, as reported some days ago. Answering a query from the Ft. Wayne papers several days ago, the governor announced that Gilbert had resigned and that the date for the special election would be placed for Nov. 6, the date of the regular election. Since then, however, he has found that he was mistaken. It is expected that the resignation will be sent as soon as Mr. Gilbert arrives in the Philippines. He is to be judge advocate for the islands.

The reunion at Ebenezer church, Tuesday, was a success in every way. A good attendance was had both day and night. Revs. John Machlan, J. T. Scull and Westhafer gave interesting talks in the forenoon. Dinner was served under the shade trees in the yard at noon on long tables. It was a dinner long to be remembered. In the afternoon an old-fashioned Methodist love feast was held; at the close of this, one accession was made to the church. Uncle Philip Redenbaugh, of Franklin, Ind., gave a very interesting account of the founding of "Old Ebenezer church," which was famous in the early history of Rush county. Rev. John Machlan also made a few reminiscent remarks.

Rev. J. L. Brown, of Laurel, spoke in his usual forceful way for a few minutes. Owing to a lack of time, Rev. J. T. Scull, Jr., was forced off the program, much to the regret of all. At night, Rev. John Machlan preached. There was a festival held in the school yard in connection with the reunion. It was attended by a fair sized and orderly crowd. All had a good time and we feel it was a day well spent.

AMUSEMENTS

Elmer Walters' unique play, "How Hopper was Side-tracked," comes to the opera house tonight. This comedy drama depicts life on the Yukon as well as New England. The story deals with the disappointment of a father in his inability to locate a favorite nephew, who, being a man anxious to accumulate his own fortune, has made his way to Dawson City, Alaska; relatives who have traced him across the continent are confronted by an impostor who seeks to convince them of his identity as the real nephew. Many complications arise which lend interest to the story. The comedy element is prominent and the climaxes are of a sensational order.
